

TRU TOUCH *RS* Series

A Visual Masterpiece

Bring your presentations to life with the TRU TOUCH RS Series!

Captivate your audience with stunning 4K resolution. Customize your home screen to make collaboration easier than ever before. TRU TOUCH RS includes Newline's latest innovations, from wireless casting to object recognition.

Interact your way, with Newline's newest standard of multi-touch displays.

Ultra High Definition Resolution

Impress your audience with vivid colors.

20 Points of Touch

Use a finger or a stylus, up to 20 points.

Personalized User Interfaces

Choose between an education or corporate themed home screen.

Object Recognition

Utilize object recognition to speed up meetings and annotations.

Wireless Casting

Cast to your display from any small screen, such as a phone, tablet, or laptop.

Easy File Navigation System

Effortlessly share files to the cloud with the TRU TOUCH File Commander.
